Uber is good for residents and good for tourism. Don't take away this vital and forward-thinking service.

Regards,
Bryan

I am from SC and currently live in Texas. I travel all around the world and depend on Uber. They are first class, dependable, professional and safe.

I have traveled in taxi's in SC many times. In general, the taxi's are dumpy, hot and the drives smoke and play their music too loud. What is wrong with this picture. Sounds like someone in SC government is on the take. So much for freedom.

Rusty

To Whom It May Concern-

Hello, my name is Cory Granner. I am a 26 year old male who lives in beautiful downtown Greenville. I am sadden to hear your decision to have Uber cease and desist operations. As a person who frequents the downtown bar scene every weekend, Uber has been a safe, reliable, and an affordable option with speedy pickup that largely reduces the number of intoxicated drivers behind wheels of their own automobiles. Uber has always been there for me when I've needed a pick up, and my longest wait ever was ten minutes. The cars are always clean, and drivers are very polite. The taxi scene in Greenville is horrific. Nasty cabs, with rude drivers, and sometimes having to wait up to an hour for a ride home. A wait that long makes a lot of intoxicated drivers believe they can drive home rather than wait. If you would rather have Taxi's stay in business and not have it taken away, make the rides affordable, the drivers nice, and the cars clean. I'd much rather go home in a clean car for \$3.00 than a nasty one for \$15.00.

Thanks for your time.

Uber is a very important service that I use and as a homeowner in South Carolina I request that you re-instate them into all areas of South Carolina.

Thanks,

Rob

Subject: Uber

I frequently use Uber and I am concerned that, due to the states ruling, I will no longer be able to make my commute to work.

When is the last time anyone at your office used a taxi as their primary mode of transportation to and from work? Didn't think so. Yellow cab is awful. Let the free market weed them out.

Please reconsider this decision as it affects a lot of people.
